

# 2024 impact report

In 1968, St. Francis Children's Center began with one core belief: early support gives children the strongest foundation for later in life. Since then, we've provided education, therapy, and support services to over 35,000 kids of all abilities allowing them to grow, thrive, and reach their goals.

## Our Mission:

To serve and educate children with and without special needs, enabling them to reach their greatest potential.
